## COMMENCEMENT ADDRESS

### George W. Bush

Doctor of Public Administration

who shapes policy based on the principles of limited government, personal responsibility, strong families, and local control.

President Bush was born July 6, 1946, and grew up in Midland and Houston, Texas. He received a bachelor's degree from Yale University and a Master of Business Administration

from Harvard Business School. He served as an F-102 pilot for the Texas Air National Guard before beginning his career in the oil and gas business in Midland in 1975, working in the energy industry until 1986. After working on his father's successful 1988 presidential campaign, he assembled the group of partners that purchased the Texas Rangers baseball franchise in 1989.

He served as managing general partner of the Texas Rangers until he was elected Governor on November 8, 1994, with 53.5 percent of the vote. In an historic re-election victory, he became the first Texas Governor to be elected to consecutive four-year terms on November 3, 1998, winning 68.6 percent of the vote.

President Bush is pursuing the same common-sense approach and bipartisan

spirit that he used in Texas. He has proposed bold initiatives to ensure that America's prosperity has a purpose. He has also addressed improving our nation's public schools by strengthening local control and insisting on accountability; reducing taxes on all taxpayers, especially for those Americans on the fringes of poverty; strengthening the military with better pay, better planning, and better equipment; saving and strengthening Social Security and Medicare by providing seniors with more options; and ushering in the responsibility era in America.

President Bush is married to Laura Welch Bush, a former teacher and librarian, and they have twin daughters, Barbara and Jenna, who are college students.

## RECIPIENTS OF HONORS

### Walter E. Massey

Doctor of Science

Walter E. Massey is the ninth president of Atlanta's Morehouse College, the nation's largest and most comprehensive institution of higher education for men.

Since then he has held a range of administrative and academic positions, including provost and vice president for academic affairs at the University of California. In this position, the second most senior position in the UC system, he was responsible for the development of academic and research planning and policy, budget planning and allocations, and programmatic oversight of the three national laboratories that the university manages for the U.S. Department of Energy.

Much of his career has been closely tied to government service and initiatives. He was director of the National Science Foundation from 1991 to 1993 and has been a member of several influential commissions and boards, including the Advisory Board to the U.S. Secretary of Energy, the President's Council of Advisors on Science and Technology, the National Academy of Sciences, and the Commission on College Physics. He served as founding

chair of the board of the Argonne National Laboratory/University of Chicago Development Corporation from 1986 to 1991.

### Richard M. Hill

Distinguished Service Award

**R**ichard M. Hill is professor and dean emeritus of The Ohio State University College of Optometry. He is a past president of The Ohio State University Retirement Association and served as co-chair of the university's Campus Campaign Council from 1995 to 1999.

Dr. Hill joined the Ohio State faculty in 1964 after completing his optometric and graduate degrees in physiological optics at the University of California, Berkeley. His research interests have included neuro-physiology of the visual system, visual psychophysics, and physiology of the eye. Since his 1995 retirement, he has continued to direct the College of Optometry's Eye Physiology Laboratory, which focuses on new materials research and care systems for

contact lenses.

During his tenure from 1988 to 1995 as dean of the College of Optometry, Dr. Hill gained a reputation as the "development dean" due to his understanding of the need for private funding and his willingness to devote himself to enhancing the college's equipment and scholarship support. Immediately upon his retirement, he accepted the position of co-chair of the Campus Campaign, which, under his leadership, reached \$50 million in receipts from current and retired faculty and staff. In addition, with his own funds, he established two endowment funds for the College of Optometry. He was also instrumental in combining the student-based Class Gift program with the Campus Campaign.

His teaching, research, and scholar-

ship have brought Dr. Hill international repute in the field of optometry. He has published more than 250 refereed reports in ophthalmic literature and recently received the Gold Medal of the British Contact Lens Association for his research contributions. His many other honors include the Bell Medal of the Contact Lens Society of Australia, the Ruben Medal of the International Society for Contact Lens Research, and the Charles F. Prentice Medal of the American Academy of Optometry. He has been editor, member of the editorial board, and referee to seven scientific, technical, and trade journals and has been invited as presenter or moderator of more than 70 national and international professional meetings.

## **THE OHIO STATE UNIVERSITY CLASS GIFT PROGRAM**

*For more than a century, Ohio State graduates have come together to present a Class Gift to celebrate graduation and benefit future generations of students at the university. The Class Gift tradition started in 1891, when, on the eve of graduation, students planted five elm trees on the Oval.*

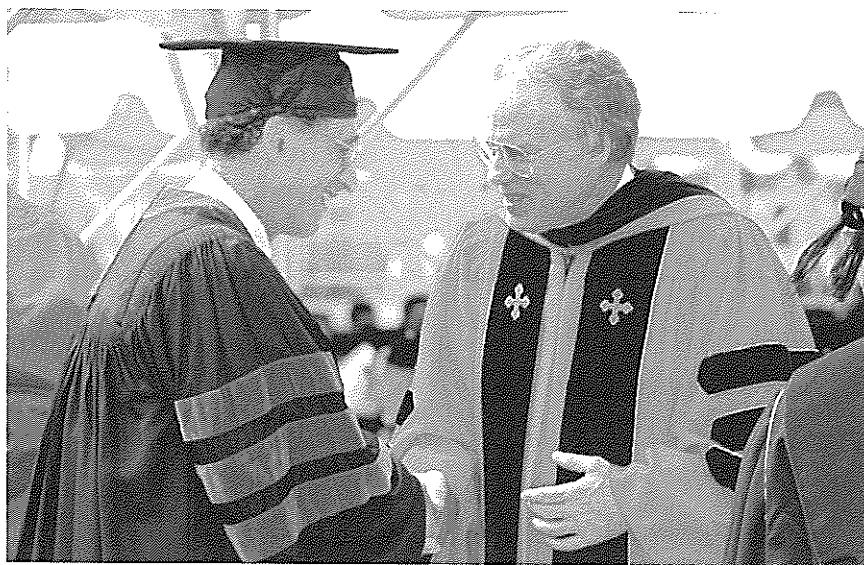

*For many years, the annual Class Gift was designated to a single project, such as the Orton Hall Chimes, the Victory Bell, the Gateway entrance, and the University Seal. In 1992, the Class Gift program was revised to allow students to make a gift to any facet of the university that is important to them—their college, school, department or program, the libraries, hospitals, or student organizations.*

*In 1996, the Class Gift became part of a larger giving program at Ohio State—called Campus Campaign. The Campus Campaign encompasses staff, faculty, and student giving and has been very successful in providing vital funds to the university.*

*In 1998, a new tradition began. Prospective graduates were asked to give \$19.98 during their graduation year. In keeping with this tradition, graduates in the Class of 2002 have been asked to pledge \$20.02 to support an Ohio State fund that is important to them and to celebrate their graduation year. To date, more than \$36,000 has been donated by the Class of 2002. Efforts are ongoing to involve students who have not yet participated in the Class Gift and those who will graduate later this year.*

*The university gratefully recognizes the commitment of the Class Gift Advisory Team and Student Representatives for their dedicated efforts in support of their alma mater.*

## A MESSAGE FROM PRESIDENT KIRWAN

From 1928 until 1998, almost every spring commencement was held in Ohio Stadium. Now, following three years in which the facility was being renovated and with the overwhelming support of our students, we return to that storied and historic venue for this 360th commencement ceremony.

You, the members of the Class of 2002, come to Ohio Stadium today—along with family and friends—to celebrate one of the most meaningful days of your lives. It is a day to reflect on past achievement inside and outside the classroom and to savor friendships that you will enjoy forever. It is also a day to anticipate the many opportunities that lie ahead, thanks to your dedication and hard work. Finally, it is a day to thank others whose support was so important to your success.

From a personal perspective, commencements have always been the most rewarding of professional experiences. It has been my privilege to participate in 16 commencement ceremonies during my tenure at Ohio State. The fact that today's will be my last only heightens the emotion that I feel and binds me closely to the members of this class. I am confident that your lives, like mine, have been shaped by your time here and that you, like me, regard The Ohio State University with very deep affection.

The Reverend Martin Luther King Jr. once described the goal of education as "intelligence plus character." While here, you have developed your intelligence and your character and now stand ready to make your own contributions to society. This university has prepared you well for what we hope will be a lifetime of productivity, personal fulfillment, and civic responsibility.

Regardless of what the future holds, Ohio State will be a part of your life and mine forever. Through time and change, we will always be Buckeyes. Please accept my personal best wishes as you join the company of educated women and men and the more than 500,000 proud graduates of The Ohio State University who have gone before you.

*W.E. Kirwan*

## CONGRATULATIONS AND WELCOME TO THE ALUMNI ASSOCIATION

Congratulations on receiving your degree. You may not notice the difference, but today, along with hundreds of your colleagues, you have joined the ranks of Ohio State alumni. For you, one era has passed, and another is about to begin.

You are a member of the Buckeye family and partner in the enterprise, carrying the reputation of Ohio State through your activities and accomplishments. You exemplify the fruits of a good education: a critical mind, a discerning spirit, higher values, a sense of commitment, and the privilege of service.

You can assist the university in many ways. You can recruit new and highly qualified students. You can represent Ohio State well through personal and occupational achievements. You can participate financially through the Development Fund. And you can work in an advisory capacity with the university to improve it and its programs to better prepare today's students for tomorrow's citizenship.

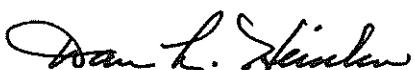

We extend to you a year's complimentary membership in the Alumni Association. Included is a year's subscription to the *Ohio State Alumni Magazine*, which will keep you informed of the university's continuing pursuit of excellence and help you keep in touch with your friends and classmates.

To you, your family, friends, and all those who helped you reach this day go our best wishes. You are joining a great family of Ohio State alumni working together to make a difference around the world.

While every effort is made to ensure accuracy in this commencement program, printing deadlines sometimes prevent inclusion of graduates' names, or may result in use of names of persons not completing graduation requirements. This printed program, therefore, should not be used to determine a student's academic or degree status. The University's official registry for conferral of degrees is the student's permanent academic record, kept by the Office of The University Registrar, 320 Lincoln Tower, 1800 Cannon Drive, Columbus, Ohio 43210.

# THE ACADEMIC COSTUME

The colorful ceremonies of The Ohio State University commencement derive from practices originating in the Middle Ages. When European universities were taking form in the 12th and 13th centuries, the scholars were usually clerics, and consequently they adopted costumes similar to those of their monastic orders. Cold halls and drafty buildings called for caps and floor-length capes with attached hoods, and the sobering influence of the church probably influenced the staid character of the caps and gowns.

As the control of the universities gradually passed from the church, some

aspects of the costumes took on brighter hues. Old prints and engravings, however, reveal a strong similarity between the regalia worn in early universities and that of the present day.

In light of our nation's English heritage, academic costume has been in use in the United States since colonial times. To establish a standard of uniformity in regard to the practice, an intercollegiate commission was formed to prepare a code for caps, gowns, and hoods that has since been adopted by all academic institutions.

Originally round, the shape of the cap is now the familiar mortarboard

square—a shape which, according to ballad folklore, resembles a scholar's book. Legend also has it that the privilege of wearing a cap was the initial right of a freed Roman slave; the academic cap, therefore, has become a sign of the freedom of scholarship. The flowing gown has become symbolic of the democracy of scholarship, for it covers any dress that might indicate rank or social status. The hood, reserved at The Ohio State University for those receiving doctoral degrees, not only indicates the type of degree, but also is lined with the official colors of the university.

## The Gown

**Bachelor:** Black, full cut with long pointed sleeves.

**Master:** Black, long or short sleeves with arc-shaped panel extended for each sleeve.

**Doctor:** Black with velvet panels on front of gown and three velvet bars on each sleeve. Color of the velvet may be black or distinctive of the field of study.

## Honors Emblem

The Ohio State University honors emblem is a scarlet and gray tasseled braid worn over the gown. Students eligible for this curricular honor are those graduating *summa cum laude*, *magna cum laude*, *cum laude*, with distinction, with honors in business, with honors in the liberal arts, and with honors in pharmacy.

## The Hood

**Bachelor:** Three feet long with a two-inch-wide velvet edging.\*

**Master:** Three and one-half feet long with a three-inch-wide velvet edging.\*

**Doctor:** Four feet in length with a five-inch-wide velvet edging and panel at the sides.

The lining of all hoods, which is folded out, bears the official colors of the institution granting the degree. The color of the velvet indicates the field of study:

Philosophy .....	Dark Blue
Veterinary Medicine .....	Gray

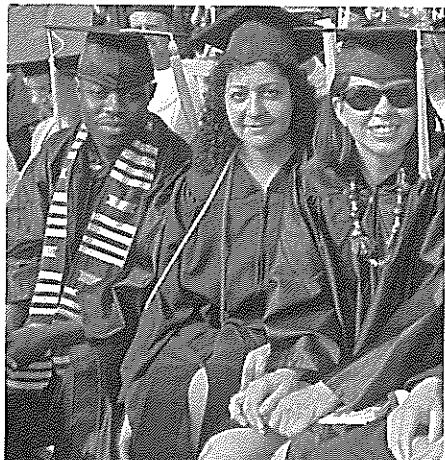

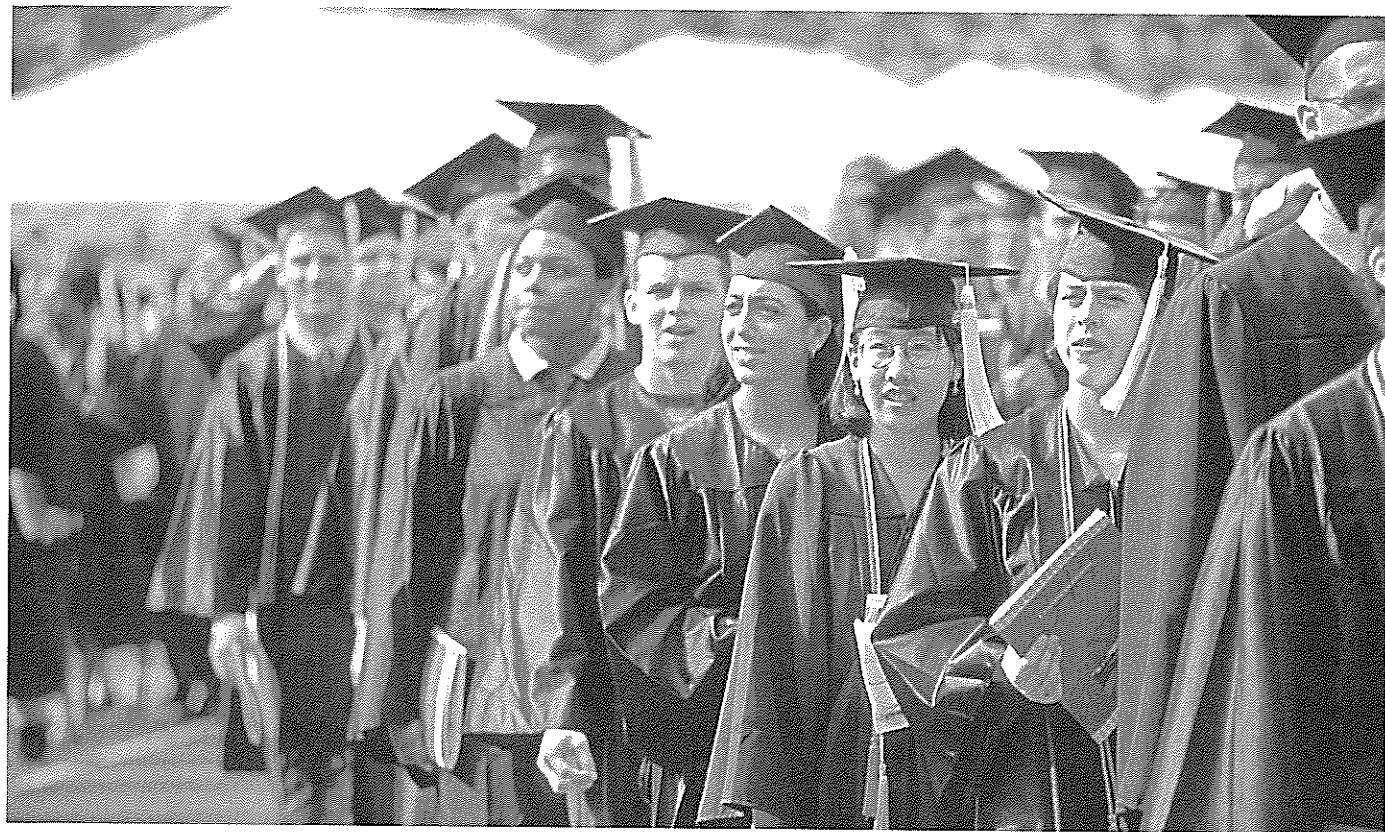

\* Not usually worn by candidates for a degree.

## INCLEMENT WEATHER

No indoor facility on campus is large enough to accommodate the graduating class and 40,000 guests. In the case of inclement weather, every effort will be made to hold commencement as planned.

Commencement will take place in Ohio Stadium, unless weather conditions are dangerous or severe, in which case the ceremony will be canceled.

**O**hio State officials will be in continuous contact with the National Weather Service to monitor approaching weather. If it is feasible to delay the start of the ceremony and wait for clearing or less severe weather, the start of the ceremony may be delayed up to one hour. Should this happen, any changes will be announced onsite to graduates and guests. Graduates will remain in French Field House; guests are asked to remain in protected areas of Ohio Stadium. Your patience and cooperation will help facilitate this plan.

### In case of cancellation

If it is determined that severe weather will not permit us to hold commencement, the ceremony will be canceled. Once cancellation has been officially announced, graduates should report to the following locations *one hour after cancellation* to receive their diplomas.

It is strongly advised that graduates and guests prearrange a meeting place in case the ceremony is canceled. Guests should *not* go to French Field House where most diplomas will be distributed to graduates. St. John Arena, Larkins Hall, Drake Center, and various locations on West Lane Avenue are some suggested meeting sites.

Diplomas will remain in the following locations until 3 p.m. on commencement day. Diplomas not picked up by 3 p.m. will be taken to the University Registrar's office in 320 Lincoln Tower, 1800 Cannon Drive. Diplomas will be available for pick-up there between 7:30 a.m. and 4:30 p.m., June 17-28. If a diploma remains unclaimed after June 28, it will be mailed to the home address on record within two to four weeks of commencement. Mailing addresses can be verified by contacting the University Registrar's office at (614) 292-1960; fax (614) 292-7199; or e-mail at [commence@exchange.ureg.ohio-state.edu](mailto:commence@exchange.ureg.ohio-state.edu).
