Alma Mater—Carmen Ohio

Graduates and guests led by
Daphne Chiung-Tan Hsu

Oh! Come let's sing Ohio's praise,

And songs to Alma Mater raise;

While our hearts rebounding thrill,

With joy which death alone can still.

Summer's heat or Winter's cold,

The seasons pass, the years will roll;

Time and change will surely show

How firm thy friendship—Ohio.

RECIPIENTS OF HONORS

William V. Lumb

Doctor of Science

A pioneer in the field of veterinary surgical research, Dr. William V. Lumb is professor emeritus in the Department of Clinical Sciences and retired director of the Surgical Laboratory in the College of Veterinary Medicine and Biomedical Sciences at Colorado State University.

As director of the Surgical Laboratory from 1963 until 1978, Dr. Lumb worked to bridge the gap between human and veterinary surgical and anesthesia research by forming a faculty consisting not only of veterinarians, but also physicians, engineers, and laboratory technicians. This multi-disciplinary collaboration resulted in a better understanding of health issues for both human and animal patients. The Surgical Laboratory's unique graduate programs in surgery and anesthesiology attracted students from across the United States and from 15 foreign countries.

A native of Iowa, Dr. Lumb received

his Doctor of Veterinary Medicine degree from Kansas State University in 1943. Following service in the U.S. Army Veterinary Corps, he received a master's degree from Texas A & M University in 1953 and a Ph.D. from the University of Minnesota in 1957. He joined the faculty of Colorado State University as an associate professor in 1954. In 1958, he took a position in the Department of Surgery and Medicine at Michigan State University, returning to Colorado State's Department of Medicine in 1960. He was named professor and director of the Surgical Laboratory in 1963 and retired professor emeritus in 1982. In 1986, he spent a semester as professor at Ross University in St. Kitts, West Indies.

During his career, Dr. Lumb has published 150 scientific journal articles, three books, and portions of 10 others. His book, *Veterinary Anesthesia*, co-authored with E. W. Jones, has become the standard text for animal anesthesia

throughout the world. He was instrumental in forming the American College of Veterinary Surgeons and the American College of Veterinary Anesthesiologists, serving as president of the former as well as editor of its journal, *Veterinary Surgery*. He is president and CEO of The Lubra Company and holds patents on a prosthetic vertebra and on plastic spinal plates.

Among his many honors are the Ralston-Purina Small Animal Research Award in Surgery and Anesthesiology in 1980; Colorado Veterinarian of the Year in 1981; American College of Veterinary Anesthesiologists Service Award in 1982; and the Jacob Markowitz Award of the Academy of Surgical Research in 1987.

Ohio State proudly adds its own recognition of the many contributions made to the health of both animals and humans by this eminent researcher and scholar.

William G. Ouchi

Doctor of Humane Letters

William G. Ouchi is vice dean and faculty director of Executive Education Programs and is the Sanford & Betty Sigoloff Professor in Corporate Renewal in the Anderson Graduate School of Management at UCLA.

Born and raised in Hawaii, Dr. Ouchi received his bachelor's degree at Williams College in 1965, his M.B.A. at Stanford in 1967, and his Ph.D. at the University of Chicago in 1972. He joined the faculty of Stanford University's Graduate School of Business in 1972 and, in 1979, moved to UCLA as a professor in the Anderson School, teaching courses in management and organization design. During 1993 to 1995, he served as advisor and chief of staff to the mayor of Los Angeles.

Dr. Ouchi is the author of three influential books on management. His first, *Theory Z: How American Management Can Meet the Japanese Challenge*

(1981), was on the best-seller list for five months, has been published in 14 foreign editions, and ranks as the seventh most widely held book of the 12 million titles held in 4,000 U.S. libraries. His second, *The M Form Society: How American Teamwork Can Recapture the Competitive Edge* (1984), has appeared in four foreign editions. His third, *Organizational Economics* (1986), was co-edited with Jay B. Barney. In addition, he has written numerous papers, monographs, and scholarly articles and has lectured throughout the world.

Dr. Ouchi is past co-chair of the UCLA School Management Program and continues as chair of the Riordan Programs, which serve minority high school and college students in southern California. He is the founder of the Nissan-HBCU Summer Institute, which serves the professoriate of the historically black colleges and universities of the United States, and he serves on

several other committees and boards of the Graduate School of Management.

In service to his profession, Dr. Ouchi has served on the editorial boards of four scholarly journals and serves as advisor to several granting agencies. He serves on the boards of Williams College, KCET public television, Allegheny-Teledyne, First Federal Bank of California, SEMPRA Energy, Japanese American National Museum, and the Commission on Presidential Debates, and he is the chair of LEARN, the Los Angeles school reform organization. He is also a member of the Consumer Advisory committee of the U.S. Security and Exchange Commission, the Executive Advisory Board of the Asian Business League of Southern California, and of the Real Estate Advisory Committee of the Trust Company of the West.

Ohio State is honored to recognize the many achievements of this distinguished scholar, author, and civic leader.

Frederic Beekman

Distinguished Service Award

Frederic Beekman has served Ohio State's athletic program for more than half a century. Now director emeritus of the Department of University Recreation and Intramural Sports, Mr. Beekman remains actively involved with the university in a volunteer capacity.

Born in Bath, New York, Mr. Beekman received his bachelor's degree in physical education from Ohio State in 1942. After serving in the U.S. Army during World War II, he returned to Ohio State to earn his master's degree in physical education in 1948 and was hired as the university's assistant intramural director upon graduation. He was named director of recreation and intramural sports in 1963 and held that position until his 1994 retirement.

During his tenure as director, he and his staff built the department into one of the finest and largest in the nation. He was instrumental in securing resources and facilities to provide

recreational opportunities for the entire university community, working closely and sharing facilities with the Department of Athletics. He played a leadership role in planning the new Lane Avenue recreation fields. He remains actively involved with Ohio Staters, Inc., which he joined in 1960.

Throughout his career at Ohio State, Mr. Beekman served as an official timekeeper at the university's varsity football and basketball games. In addition, he officiated for 25 years at high school, college, and professional football and basketball games throughout the Midwest, and he has served as president of both the central Ohio football and basketball officials associations. Director of the Ohio Relays for 30 years, he also served as meet director of the Ohio High School Athletic Association Track and Field Championships for 40 years.

His commitment to recreational opportunity for all is exemplified by his volunteer service with the Ohio Wheel-

chair Sports Association (OWSA) and the Special Olympics. In 1988, his contributions were recognized with OWSA's highest service honor, the Leo Yassenoff Award. The Special Olympics named him honorary games director for its 1987 State Basketball Tournament and its 1993 State Summer Games.

His many other honors include the National Service Award from the National Intramural-Recreational Sports Association, the Fred Cope Award for contributions to track and field, the Jack Melain Award for meritorious service from the Basketball Officials Association, and an honorary Varsity "O." In 1979, the Franklin County Commissioners declared September 7 "Fred Beekman Day."

Ohio State joins with the thousands of alumni and others whose lives have been touched by this dedicated individual in honoring his commitment to recreational sports.

Alberta Banner Turner

Distinguished Service Award

Alberta Banner Turner was the first African American to receive a doctorate in psychology from Ohio State, receiving her Ph.D. in 1935. Prior to that, she earned her bachelor's degree in 1929 and a master's degree in psychology in 1932 from the university.

During her long career, Dr. Turner has held a variety of academic and administrative positions, serving as head of the home economics departments at Bennett College for Women, Southern University, Lincoln University, Winston-Salem College, and Wilberforce University during the 1930s and 1940s. During the 1950s, she lectured at Ohio State on psychopathology and juvenile delinquency.

From 1944 to 1953, Dr. Turner worked as a psychologist at Ohio's Bureau of Juvenile Research (now the Ohio Youth Commission), becoming supervising psychologist at the Juvenile Diagnostic Center in 1953 and chief psychologist in 1959. During this time, she also served as a clinical psychologist

working with juveniles at Marysville Reformatory for Women. From 1963 to 1971, she worked with the Ohio Youth Commission before joining the Criminal Justice Supervisory Commission from 1972 to 1976. At the same time, she also served as a consultant to the National Advisory Council on Vocational Rehabilitation. Her professional memberships include the Ohio Psychological Association, the American Psychological Association, and the Medical Correctional Association.

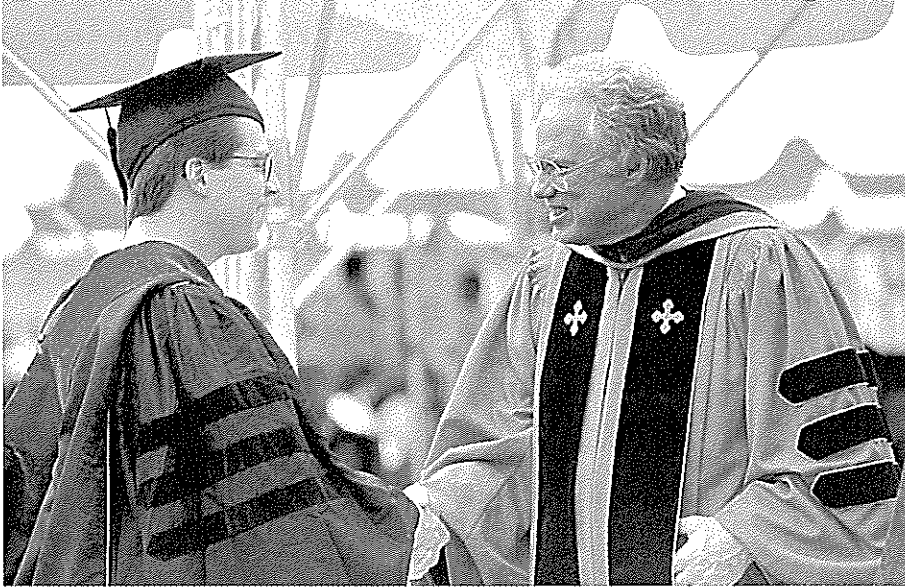

Through her professional and academic activities, Dr. Turner has served as a role model and counselor for young people, especially troubled teenagers, and she has been a pioneer for African Americans in the diagnosis and treatment of delinquent behavior. She has always been a strong advocate for civil and religious rights and has worked tirelessly to ensure them for others. In 1966, she was named one of the "Ten

Women of the Year" by the *Columbus Citizen-Journal*.

Long active in civic and service organizations, Dr. Turner was the founding president of the Columbus chapter and first national program director of The Links, Inc., which has 10,000 members nationwide. She has been instrumental in establishing the Prelude Scholarship and Recognition program, a partnership of Links, Ohio State, and the Columbus Public Schools to honor minority students. She is also a past national president and an honorary life member of Jack and Jill, Inc., a family organization that provides educational, social, and cultural opportunities for African American youth. She is a member of Alpha Alpha Alpha Sorority and Zonta International.

It is with gratitude and respect that Ohio State honors this remarkable and caring woman for an extraordinary life spent helping others.

A MESSAGE FROM PRESIDENT KIRWAN

Serving as the twelfth president of The Ohio State University is the greatest honor of my professional life. I am enormously proud to be part of the university family—particularly on this graduation day. Today's ceremony has been described as a cross between a pep rally, a family reunion, and an academic ceremony. It is all of that—and more.

Commencement is the single greatest event in the life of a university president—a day that reminds all of us that ours is a remarkable institution with a proud tradition and a very bright future. For you, it is a recognition of your hard work and a celebration of your notable achievements.

Now you are about to embark on another phase of your life. And I suspect you face that prospect with excitement and some trepidation. I remember how I felt as a senior. I was ready to move on, but reluctant to leave behind friends and mentors, familiar places and comfortable surroundings.

Let me assure you that no matter where your opportunities take you, there will be no forgetting the place and process that has forged your life and career. Ohio State has made a difference in your life. And now, armed with an Ohio State education, you will make a difference in the lives of others.

As newly minted alumni, you join a family of more than 300,000 Ohio State graduates throughout the world. Based on the quality of your education and the scope of your achievements, I have no doubt of the impact you will have on your careers and your communities.

You have my hearty congratulations and my very best regards as you take on new challenges.

W. E. Kirwan

William E. Kirwan
President

CONGRATULATIONS AND WELCOME TO THE ALUMNI ASSOCIATION

Congratulations on receiving your degree. You may not notice the difference, but today, along with hundreds of your colleagues, you have joined the ranks of Ohio State alumni. For you, one era has passed, and another is about to begin.

You are a member of the Buckeye family and partner in the enterprise, carrying the reputation of Ohio State through your activities and accomplishments. You exemplify the fruits of a good education: a critical mind, a discerning spirit, higher values, a sense of commitment, and the privilege of service.

You can assist the university in many ways. You can recruit new and highly qualified students. You can represent Ohio State well through personal and occupational achievements. You can participate financially through the Development Fund. And you can work in an advisory capacity with the university to improve it and its programs to better prepare today's students for tomorrow's citizenship.

We extend to you a year's complimentary membership in the Alumni Association. Included is a year's subscription to the *Ohio State Alumni Magazine*, which will keep you informed of the university's continuing pursuit of excellence and help you keep in touch with your friends and classmates.

To you, your family, friends, and all those who helped you reach this day go our best wishes. You are joining a great family of Ohio State alumni working together to make a difference around the world.

Cordially,

This printed program, therefore, should not be used to determine a student's academic or degree status. The University's official registry for conferral of degrees is the student's permanent academic record, kept by the Office of The University Registrar, 202 Lincoln Tower, 1800 Cannon Drive, Columbus, Ohio 43210.

THE ACADEMIC COSTUME

The colorful ceremonies of The Ohio State University Commencements derive from practices originating in the Middle Ages. When European universities were taking form in the 12th and 13th centuries, the scholars were usually clerics, and consequently they adopted costumes similar to those of their monastic orders. Cold halls and drafty buildings called for caps and floor-length capes with attached hoods, and the sobering influence of the church probably influenced the staid character of the caps and gowns.

As the control of the universities gradually passed from the church, some

aspects of the costumes took on brighter hues. Old prints and engravings, however, reveal a strong similarity between the regalia worn in early universities and that of the present day.

In light of our nation's English heritage, academic costume has been in use in the United States since colonial times. To establish a standard of uniformity in regard to the practice, an intercollegiate commission was formed to prepare a code for caps, gowns, and hoods that has since been adopted by all academic institutions.

Originally round, the shape of the cap is now the familiar mortarboard

square—a shape which, according to ballad folklore, resembles a scholar's book. Legend also has it that the privilege of wearing a cap was the initial right of a freed Roman slave; the academic cap, therefore, has become a sign of the freedom of scholarship. The flowing gown has become symbolic of the democracy of scholarship, for it covers any dress that might indicate rank or social status. The hood, reserved at The Ohio State University for those receiving doctoral degrees, not only indicates the type of degree, but also is lined with the official colors of the university.

The Gown

Bachelor: Black, full cut with long pointed sleeves.

Master: Black, long or short sleeves with a reshaped panel extended for each sleeve.

Doctor: Black with velvet panels on front of gown and three velvet bars on each sleeve. Color of the velvet may be black or distinctive of the field of study.

Honors Emblem

The Ohio State University honors emblem is a scarlet and gray tasseled braid worn over the gown. Students eligible for this curricular honor are those graduating *summa cum laude*, *magna cum laude*, *cum laude*, with distinction, with honors in the liberal arts, and with honors in pharmacy.

The Hood

Bachelor: Three feet long with a two-inch-wide velvet edging.*

Master: Three and one-half feet long with a three-inch-wide velvet edging.*

Doctor: Four feet in length with a five-inch-wide velvet edging and panel at the sides.

The lining of all hoods, which is folded out, bears the official colors of the institution granting the degree. The color of the velvet indicates the field of study:

Dentistry	Lilac
Law	Purple
Medicine.....	Green
Musical Arts	Pink
Optometry	Seafoam Green
Pharmacy	Olive Green
Philosophy	Dark Blue
Veterinary Medicine	Gray

* Not usually worn by candidates for a degree.
