POMP, CIRCUMSTANCE, AND OTHER SONGS OF A LIFETIME

—by Professor David Clitino, 1947–2005, Late University Poet Laureate
(Originally presented as the 2000 Winter Commencement address)

If you're like me, you've got a big head,
not to mention a funny robe, full of music—
poems and melodies, the tunes
we move to, shower and shave by,
study, write to. Not just the incidental,

but the momentous music keeping time.
Our histories are measures of song.
Listen to your heart: drums of Africa,
sea-spume of blind, far-sighted Homer,
Sappho's honeyed love lyrics. Often,

music speaks for us, one note saying
a thousand words. Like Rodolpho
in Puccini's *La Boheme*, Sono un poeta.
I am a poet. Che cosa faccio? What
do I do? Scrivo. I write. This ceremony

is loud music—pomp and circumstance
of the life you began freshman year
or that first day of graduate school.
In my head I press Play, and the CD
of Big Days kicks on. I leap and linger

over moments too sweet, nearly, for words.
I'll never escape rhymes from the nursery.
Up above the world so high, like a diamond
in the sky. We knew from the start
our universe was aglow with wonder.

Italian, Latin, English songs in nasal accents
of Cleveland. *Gaudeteamus igitur, Juvenes*
dum sumus. So, let us rejoice, while
we are young. Youth is that gift we can't
comprehend while we're young. This ceremony

means you all are less young than you were.
Don't let the heavy knowledge gained
from your studies deprive you of the gifts
of youth, to be able to rejoice at the drop
of a hat, to care for, be moved by others.

Now I hear golden hits of five decades.
Big Mama Thornton, and that so-called King
(King of what, fried butter sandwiches?)
who stole away her hound dog. You ain't
never killed a rabbit, you ain't no friend

of mine. As with those profs and TAs,
course after course, you had to produce—
kill some rabbits—to earn respect.
And at times OSU may have seemed
like Heartbreak Hotel, down at the end

of Lonely Street, so difficult was it
to do your best. Tennessee Ernie Ford,
"Sixteen Tons": St. Peter don't you
call me 'Cause I can't go. I owe
my soul to the company store.

You have been digging deep in mines
of knowledge. We all owe our souls
to Ohio State, company store of learning,
shared experience—precious ore
we have in common forever.

Now I hear Domenico Modugno's
fervent urging to wish, sing, fly,
Volare, Wo-oo. Cantare, Wo-o-o-o.
My grandfather was a peasant farmer,
a contadino in Calabria in the toe

of Italy. He knew it's the human lot
to dream of flying. Lucky, lucky,
lucky me, I'm a lucky son-of-a-gun.
I work eight hours, I sleep eight hours,
That leaves eight hours for fun.

Hey! He sailed in steerage across
the Atlantic, came to Cleveland, where
he stayed long enough to work 52 years
for the B&O Railroad, before lying down
to rest in good Ohio soil. So many of us

here today came from elsewhere,
or ancestors did. From Tennessee, Italy,
Africa, Asia, Appalachia—even,
President Kirwan, the wilds of Kentucky
and Maryland. Women and men with backs

supple as birch trunks. The courage
it took to pick up stakes and begin again
in a new world! Think of the work
those older ones did. For you. You all
are facing a change right now.

This sheepskin is your passport.
You're bound for emigration to
the next song of your life. Ohio State
is the ark on which you've been sailing.
You've been the precious cargo.

But, as Noah once said, I can see
clearly now the rain is gone. The ark,
our university, was filled to overflowing
with the diversity of us. Diversity.
Networks and talk shows devalue the word.

COMMENCEMENT ADDRESS

Bruce A. McPheron

Recognized internationally for his innovative insect genetics research, and respected nationwide for his strong agricultural leadership, Dr. Bruce A. McPheron has served as vice president for agricultural administration and dean of the College of Food, Agricultural and Environmental Sciences at The Ohio State University since November 2012. The research and outreach arms of the college, including Ohio State University Extension and the Ohio Agricultural Research and Development Center, also fall under his purview.

An Ohio native, Dr. McPheron earned his undergraduate degree in entomology from Ohio State in 1976, followed by his graduate and doctoral degrees from the University

of Illinois in biology and entomology, respectively.

His interest in insects stemmed from a 4-H project he conducted during his second year attending Ohio State, which led to his focus on the use of genetic tools to examine population structure in pest insects. The U.S. Department of Agriculture's Animal and Plant Health Inspection Service and several state and international agencies have adopted tools Dr. McPheron developed to monitor the spread of invasive fruit fly species.

His scholarly interests also include international agriculture and agricultural biosecurity, with research conducted throughout Latin America, Africa and Australia.

After starting his professional career as a 4-H agent in Clermont

County, Ohio, Dr. McPheron joined Pennsylvania State University in 1988, where he worked for 24 years. He rose through the ranks, beginning as an assistant professor and ultimately serving as dean of the College of Agricultural Sciences.

A fellow of the American Association for the Advancement of Science and recipient of an Outstanding Leadership Award from the Association of Public and Land-grant Universities (APLU), Dr. McPheron is a committed agricultural leader. He has served on the APLU board of directors and as chair of the APLU's policy board of directors for the Board on Agriculture Assembly. He is a member of Ohio State's Discovery Themes executive team, leading the Food Production and Security theme, and serves as chair of the BioHio Research Park board.

RECIPIENT OF HONORS

Stephanie A. Hightower

DISTINGUISHED SERVICE AWARD

A true champion in every sense of the word, Stephanie Hightower has become a high-profile leader in the realms of public and higher education, government affairs, athletics and not-for-profit human services. She currently serves as the first female president and CEO of the Columbus Urban League — the city's oldest urban family advocate.

Previously, Ms. Hightower served as vice president for institutional advancement for the Columbus College of Art & Design; director of communications for the Ohio Department of Mental Health; and communications/press secretary and special assistant for Columbus Mayor Greg Lashutka. A strong advocate for quality education, Ms. Hightower

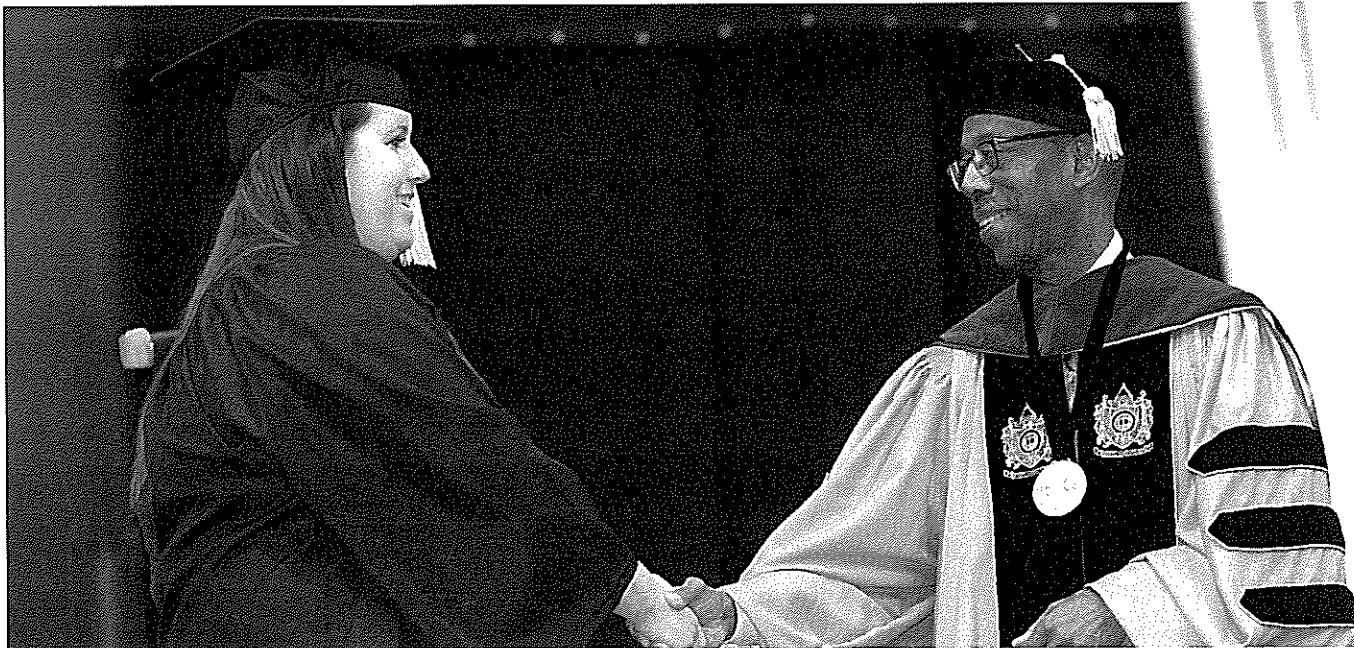

was twice elected to the Columbus City Schools Board of Education and served as president for five years. She was a leading voice on Mayor Michael Coleman's Columbus Education Commission. In 2015, she was named the first chair of the Community Engagement Council and Future Ready Columbus.

Her focus is on empowering communities and changing lives — central values to the land-grant mission of The Ohio State University. Since graduating from Ohio State in 1981 with an undergraduate degree in communications, Ms. Hightower has maintained close ties to her alma mater. She often returns to campus to speak to students, offering her expertise in public policy courses,

judging marketing education class projects for the John Glenn College of Public Affairs and reviewing proposals for the Center for Innovation and Entrepreneurship.

A world-class track and field athlete, Ms. Hightower has held several American and world records. During her time as a Buckeye, she earned Big Ten conference, collegiate and national championship titles and a place in the university's Athletics Hall of Fame. In 2014, she received the Jesse Owens Influential Athlete Award from Ohio State's African American Alumni Society. She now serves as president and chair of the USA Track & Field board of directors.

THE ACADEMIC COSTUME

The colorful ceremonies of The Ohio State University commencements derive from practices originating in the Middle Ages. When European universities were taking form in the 12th and 13th centuries, the scholars were usually clerics, and consequently they adopted costumes similar to those of their monastic orders. Cold halls and drafty buildings called for caps and floor-length capes with attached hoods, and the sobering influence of the church probably influenced the staid character of the caps and gowns.

As the control of the universities gradually passed from the church, some

aspects of the costumes took on brighter hues. Old prints and engravings, however, reveal a strong similarity between the regalia worn in early universities and that of the present day.

In light of our nation's English heritage, academic costume has been in use in the United States since colonial times. To establish a standard of uniformity in regard to the practice, an intercollegiate commission was formed to prepare a code for caps, gowns and hoods that has since been adopted by all academic institutions.

Originally round, the shape of the cap is now the familiar mortarboard

square—a shape which, according to ballad folklore, resembles a scholar's book. Legend also has it that the privilege of wearing a cap was the initial right of a freed Roman slave; the academic cap, therefore, has become a sign of the freedom of scholarship. The flowing gown has become symbolic of the democracy of scholarship, for it covers any dress that might indicate rank or social status. The hood, reserved at The Ohio State University for those receiving doctoral and master's degrees, not only indicates the type of degree, but also is lined with the official colors of the university.

The Gown

Bachelor: The bachelor gown is black, full cut with long pointed sleeves.

Master: The master gown is black, long or short sleeves, with an arc-shaped panel extended for each sleeve.

Doctor: The Ohio State University Doctor of Philosophy gown is scarlet with gray velvet panels on the front and three velvet bars on each sleeve. Other doctor gowns are black with velvet panels and bars, the color of which is distinctive of the field of study.

Honors Emblem

The Ohio State University honors emblem is a scarlet and gray tasseled braid worn over the gown. Students eligible for this curricular honor are those graduating *summa cum laude*, *magna cum laude*, *cum laude*, *with distinction* and *with honors*.

The Hood

Bachelor: Three feet long with a two-inch-wide velvet edging.*

Master: Three and one-half feet long with a three-inch-wide velvet edging.

Doctor: Four feet in length with a five-inch-wide velvet edging and panel at the sides.

The lining of all hoods, which is folded out, bears the official colors of the institution granting the degree. The color of the velvet indicates the field of study.

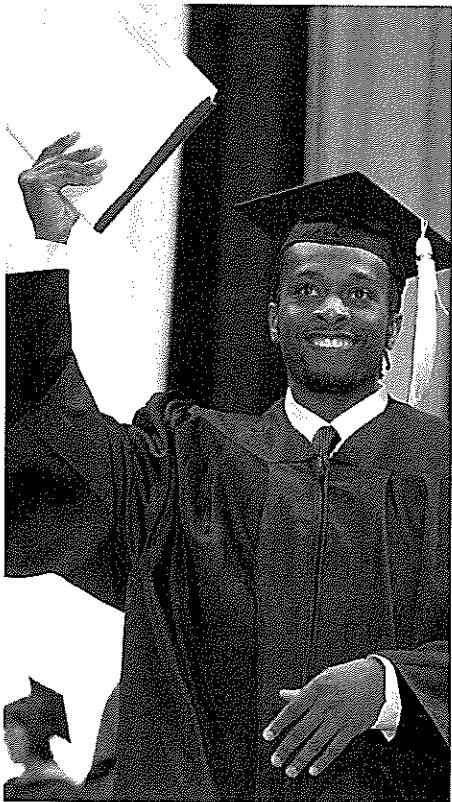

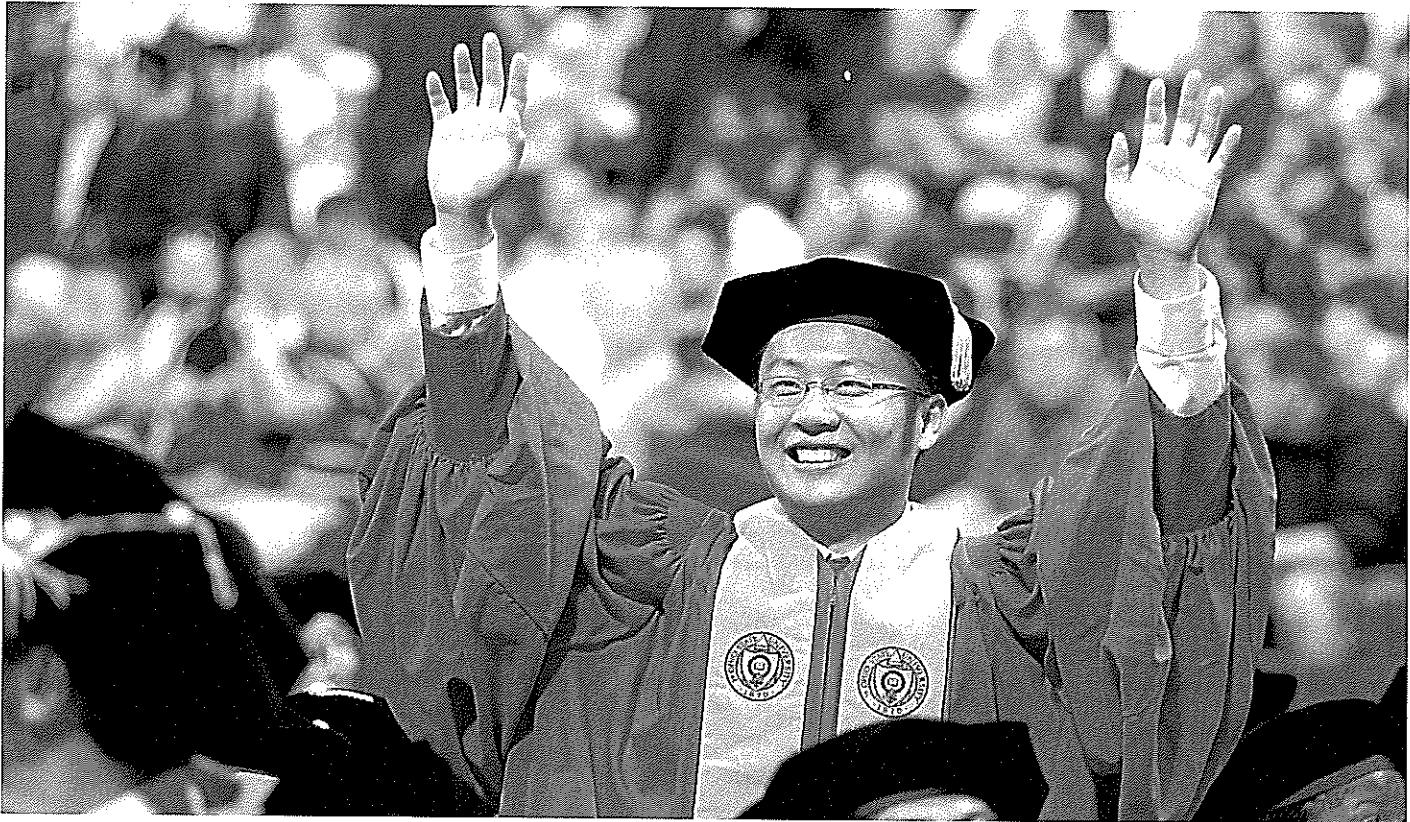

* Not usually worn by candidates for a degree.

Cap and Tassel

Candidates for degrees at The Ohio State University wear the black mortarboard with a tassel whose color is distinctive of the degree being received. The tassel colors are as follows:

Graduate School (PhD)	Gray

POMP, CIRCUMSTANCE, AND OTHER SONGS OF A LIFETIME

(continued from inside front cover)

I say, rather, the richness of us,
precious difference, the grand multiplicity
of selves that balance this globe
and enable it to spin true. Grandson
of peasant immigrants, I was given

the opportunity to earn a doctorate
in English literature from Ohio State—
because my family labored long nights
around the kitchen table trying to learn
this arduous English. I sat where

you're sitting twenty-six years ago.
Bob Dylan and Smokey Robinson got me
through. Yes, it took a prophet and Miracles!
My son earned an OSU Ph.D. in history.
Now you, graduates, are being honored—

by degrees. We've all come together
around the kitchen table of Ohio State.
Ohio, Round on the ends and high
in the middle. For the years to come
we'll sing together, Beautiful Ohio,

in dreams again I see, Visions of what
used to be. These psalms, sacred thoughts
of our tribes, 78's and 33's, tapes,
CD's—they take up space in shelves
of our skulls, our hearts. They remind us

we want a song beyond the run-
of-the-mill thrill, the moment throbbing
with pleasure or bathed in the blues.
We ache for something grander than
pure selfishness. Songs sung for one

alone are not true music. Arias shared
are music of the spheres, ways of saying
to another something from the soul.
Of course the Buckeye Battle Cry
is there. Drive, drive on down the field,

Men (and women!) of the Scarlet
and Gray. Well, you drove on down
the field, and you drove up and down
the streets, around and around
crowded lots, looking for a place to park,

and you searched our dark, ancient library
for a decent place to study. My wife,
Mary's, father marched in the first
"Script Ohio," in 1936. He's here today
with us, blowing his horn, I can't help

but feel, as is the sweet mother
I lost last year, the one who gave me
the stars. Today's music makes us think
of the debts we owe, and never can repay.
So many of us would not be here

were it not for the lullabies and songs
of dear parents, their parents, theirs.
Some are here today in the flesh.
Many are not. We mourn them with cadences
of our hearts. Think how many people

sang before us, gave us a name, a voice,
taught us the right words. We must
cherish them by remembering every song.
When we sing to others, we honor
our fathers and mothers, thank them

for this day of profound scarlet and gray
pomp and circumstance. O, come
let's sing Ohio's praise, And songs
to Alma Mater raise. Alma mater.
Ohio State is our sweet, nurturing mother.

We came of age here, with her help.
Well, Mother, we love you, but, like,
it's time we moved out, got a place
of our own. You're standing there,
Mom, gray hair, eyes scarlet

from crying. We won't forget you.
Now, even though this ceremony
means we're being weaned, taken off
the nipple, let's take care to cherish her
all our days. Let's remember

the words to the songs she taught us,
and pass them on. We'll remember
always, Graduation Day. Summer's heat,
and winter's cold, The seasons pass,
the years will roll, Time and change

will surely show How firm thy friendship,
O-hi-O. We call that little number
Carmen Ohio. Carmen means song
in Latin. You've worked hard; she
is your reward; today is your reward.

You're filled to overflowing with
the notes, the poems we've written
together. You know the score.
Continue to work hard for yourselves,
and one another. Find the ones who need

you to sing to, for them, in the world.
Graduates, this joyful litany, this hymn
our ancestors collaborated on with us,
the calling of your name today is music
to our ears. Sing that name proudly

all your days, as if your life depended
on it. It does, you know. It has been
an honor for me to speak—and sing—
to you today. Thank you, graduates,
and, again, Congratulations.
